Study group will be meeting Tuesday Jan 3rd 6:30-8:30 at the Downtown Dayton Metro Library Parkside Study 2B.

Barb will be leading us in designing a paper piece. Please bring the following supplies:

Tracing paper- a few sheets

Pencil

Eraser

Regular ruler

Scissors

A light box if desired. I didn't use one- I just used my desk to trace.

Photo to convert to a paper piecing pattern: paper piecing is using straight lines so a simple photo that can be translated into straight lines is a good beginner image.

This is the one I used:

Feel free to print this one in color or black and white. Let me know if you don't have a printer and I can bring extra printed images for you.

If you want to bring fabric and needle and thread to start to sew them together you are welcome to bring them as well.
